

Insight from the Referendum Result

(A conversational prophetic message recorded on the 15th October 2023)

This message relates to the indigenous 'Voice to Parliament' referendum to change the constitution on 14th October 2023, which did not succeed¹

Question: *Lord, do you have any message for your people in Australia following the outcome of the referendum?*

Message

“The referendum displayed what you have been [personally]² asking for.³ That is, the exposing of those things that are hidden and covert. I remind all my people in Australia, that it is their responsibility for what happens in Australia. Whatever happens in this nation is primarily a factor of their alignment with me.

The things that transpire in your nation, not only relate to my plans, but how you work with me in the areas that I show you to work. You're in a partnership with me – which may be news to some of you – as we work together for the benefit of your nation. I don't do everything, and neither do angels. It's absolutely critical that you understand that. You are responsible for your nation.

Whatever you work for, that's in alignment with me, moves forward in that direction. While ever you work against me, either actively or in ignorance, my plans can't be brought to fruition. This referendum is just one of those, where I wanted my people to continue to listen to me so that my plans could come to pass. But just as important, the plans of others with different agendas, could be curtailed, stymied, and cut off.

It was important with this referendum, for you to ask me how you should vote, and then vote appropriately. When I didn't give you an answer, or you didn't hear my answer, you were responsible to vote logically, with the best interests of your nation [in mind]⁴, not out of emotion, and not for any politically correct⁵ reasons.

I organised for a number of my people in Australia to continue on a daily basis, to decree and to work towards the display of those things that were hidden and covert, the different agendas that were working against your nation. And you can see that I raised up the voice of those who knew what they were talking about, so that Australians could get 'both sides of the story', because the NO vote was suppressed by the YES vote and the politicians. It was a critical victory for my people who aligned with me in working against those forces that are trying to destroy your society and destroy you as a nation.

You'll notice that it didn't come down to my people demonstrating or rioting in the streets, or losing control and becoming hysterical in their endeavours to express their beliefs. It was all done calmly and coolly in the background.

Take this as a seminal moment for my people in Australia, that they are responsible for what happens, and they need to work with me, in alignment with me, and to work in Kingdom principles that relate to operating in the spirit, rather than operating religiously. Now we can move forward, if more of my people join me in partnership, being careful to listen to me, and being circumspect about what they say and do.

Australia is in good hands with those who are in alignment with me, working with me as sons, and who are focused on seeing my plans implemented in this nation, so it can enter its destiny. That's an important thing to consider, by the way, your nation has a destiny, not just individuals. When making decisions, especially voting for elections and referendums of all sorts, consider what's best for the nation as a whole, so it can move forward and enter the destiny that I have for it, rather than any politically correct or emotional thoughts that you might have.

Again, this result – although not a happy result for every person – is an example of what happens when a percentage of my people work with me for the benefit of their nation.

3 – This sentence is directed to those who have been spiritually active in the area of exposing the hidden and covert actions of individuals, entities, organisations and political parties, which are working to destroy our society and Australia as a nation.

5 – i.e. Woke agenda

Now, I must say that I don't take sides in this or in any election or debate. I'm only interested in Father's plans being implemented in your nation and around the world, which is my responsibility. Although, I will always be working against unrighteousness, against those things that are counterproductive, or that counteract what I'm wanting to do. But, I can only achieve success when my people know what I'm doing and work with me.

So, 'the ball's in your court'. Time to align with me, stay connected to my plans, and you'll see Australia move forward, ever-so slowly, but increasingly changing to be the nation that it's destined to be.

Join me. There's a fight. The fight is about alignment with me, not about demonstrations, prayer vigils, preachings from pulpits. It's about every one of my people siding with me, so that the spiritual atmosphere in Australia changes – and that doesn't take 100% co-operation. It's less than that. So take heart, and join me.”

! **IMPORTANT:** This is an apostolic⁶ message that many will find hard to receive and some will most likely reject. Despite any objections, the King's message needs to be disseminated for those who will receive it. !

CCOP is a company of prophetic people that the Lord established out of a School For Prophets that Robert Misst (NZ) ran in Canberra in 2012-2013. New members are being identified and trained all the time. Our mandate is to rise up to be a genuine Australian prophetic voice to the nation and to our community. Our mode of operation aligns with the restoration of the message from the throne, so that like Jeremiah, we release whatever is on the heart and mind of our King, whether it is appreciated or not by others. As watchmen, we deliver what we receive as we are accountable to do so. Our function is to prophetically speak into the local and national community via prophetic counsel, both as a company and when requested to by community and business leaders outside of the established church. As Elijah-like prophetic people, we have committed ourselves wholeheartedly to our King for him to use us as a force for Kingdom change in Australia. Since 2017 CCOP has been expanded to function as a network of prophetic voices.

NOTE: We are independent and not members of any prophetic alliance. Holy Spirit is our leader and King Jesus is our head and oversight.

6 – This is the provision of instructions from Heaven to bring the *ekklesia* into alignment with Heaven.
