

Time to Shape Up

(A conversational prophetic message recorded on the 28th November 2023)

IMPORTANT: This is an apostolic¹ message that many will find hard to receive and some will most likely reject. Despite any objections, the King's message needs to be disseminated for those who will receive it.

Background: *The following message was received while thinking about the desire of believers for 'warm fuzzy'² prophetic messages, rather than the ones that Father wants to give them.*

Message

"An indication of immaturity in spiritual matters is the desire for 'milk'³ and not 'meat'⁴. The desire for gentleness⁵, support, and even to feel 'warm & fuzzy', is a child-like desire for acceptance. When a person matures in their sonship, they can move away from those because they are content in who they are. They're content in me and they're content to move forward knowing that I'm in charge, and that we're working together through their life's situations and circumstances.

People who are mature [do]⁶ need some support, but it's not a driving force with them, it's not a passion of theirs. They are ready to receive correction, they are ready to receive direction, and they can handle it without being offended or emotionally disturbed.

The 'meat' that my people need is essential for them to move forward in their sonship. It's essential for them to be able to understand what's going on around them, how they need to live the Kingdom life, [and] what my plans and purposes are. It's like an adult son who works with his father in the family business needs to be privy to more important things than the mundane. That's how you need to see your sonship. That's how you need to see the imperative need for the 'meat' [from me].

'Meat' is normally supplied to my people through the apostolic, because the apostolic connects with the plans and purposes of Heaven, and with my heart towards things, rather than being focused on the needs of people. Don't reject apostolic messages, apostolic instruction, or apostolic teaching. These are the 'meat' that you need if you're going to move forward and mature, because if you can't mature, I can't work with you to achieve what I want to achieve.

In the same way that a father's business cannot absorb and use the sons and daughters who are too young and inexperienced, who lack knowledge and understanding, [so] the father has to wait for them to grow up, and that takes time. In the meantime, the business may or may not suffer from the lack of family input which is essential for its expansion and its success.

My children, this is exactly what it's like with my family and my business. I need mature sons and daughters who are operating out of mature sonship⁷, who'll work with me in partnership, so I can achieve what I need to achieve, in them, in their city, in their nation, and in the world. With a lack of understanding of who I really am, and a lack of understanding of my plans and purposes – especially The Restoration of All Things – I'm totally unable to move forward at top speed, and bring about my plans that I've had for so long.

It's important for my people to realise that I work through them because I work with them. It's a family business: They must understand this. Without that understanding, religion, self interest, and worldly issues and pleasures crowd out what I need to do with my people.

So the scene should be coming clearer to you now, as I've been speaking to you for many years,⁸ about this New Era⁹ of the Kingdom, where I'm working with my people – those who are maturing in their sonship and who realise this – but the bulk of my people do not. They are, in reality, totally ignorant of

their role and where I want them to head. It's time to wake-up (something I've said already in the past)¹⁰, and to use an old business term, it's time to 'shape up'¹¹.

My people need to get themselves ready, and that means being deprogrammed and reprogrammed, deconstructed and reconstructed, and infused with my love and the knowledge of the things of the Kingdom. And to connect in partnership like an apprentice, and allow me to grow and develop them, so that with larger numbers working, I can achieve a great deal more.

As I've also said,¹² it's all up to you. I'm doing what I can, but I can't do everything without you."

CCOP is a company of prophetic people that the Lord established out of a School For Prophets that Robert Misst (NZ) ran in Canberra in 2012-2013. New members are being identified and trained all the time. Our mandate is to rise up to be a genuine Australian prophetic voice to the nation and to our community. Our mode of operation aligns with the restoration of the message from the throne, so that like Jeremiah, we release whatever is on the heart and mind of our King, whether it is appreciated or not by others. As watchmen, we deliver what we receive as we are accountable to do so. Our function is to prophetically speak into the local and national community via prophetic counsel, both as a company and when requested to by community and business leaders outside of the established church. As Elijah-like prophetic people, we have committed ourselves wholeheartedly to our King for him to use us as a force for Kingdom change in Australia. Since 2017 CCOP has been expanded to function as a network of prophetic voices.
NOTE: We are independent and not members of any prophetic alliance. Holy Spirit is our leader and King Jesus is our head and oversight.
