More on this Current Time in the Kingdom

(February 2024)

Following on from the prophetic insight I was given concerning the current season we are in,[1] a time when Forerunners are leading the vanguard for the restoration of all things, this is an update. More information is being received to cement this time in our understanding and to equip us with the knowledge we need to move forward without deviation. There will be glory rising alongside the rise of darkness, so we must focus on where we are going and make sure we are aligning with Heaven every step of the way. Read on!

(★ Prophetic downloads recorded in February 2024)

“"I have opened the doors to solutions that you never could have imagined. In these days you will have to think outside the box of normalcy, but do not be afraid of the unfamiliar. I am with you to carry you through," says the lord.”[2]

"Yes, it's my concern[3] that my people are becoming focused on issues in society that are distracting them from the main purpose, which is to see my will (that is activated through my Son), to take place in their nation. They think that they're on the side of justice or on the side of good, when they're being manipulated by others who have an agenda that is not in alignment with my plans and purposes.

This is an important message for my people, not only in Australia, but around the world. Remain focused on the main thing, which is me and the Kingdom.

Your guiding principle every day should be to grow closer to me, to move into deeper oneness, to mature in your sonship, and to operate more accurately in the assignments we give you. That's your purpose, that's your priority.

You do need to know what's going on around you, because you live in a democracy and need to vote. People also need to know the realities of what's going on, [so][4] my wisdom, knowledge, understanding and discernment, coupled with information on current affairs, will allow you to speak to them, [and] give them wisdom. But the most important thing you can give them is your example of life in the Kingdom – a life full of peace and rest, a life where my blessings flow. You can bring peace and tranquillity to those around you, by just living the way you're meant to live as a son.

So, curtail your desire to become an activist in any area – not even an activist for me or for the Kingdom. You are sons, and sons work in partnership with their father and are about their father's business. Remember that.

Keep the main thing the main thing, as many of you are focusing on minor things, because you think that they are major. Allow me to tell you what's important and what's not. And, before becoming sidetracked in other issues, and 'stolen' by other agendas, ask me what I think of them. Ask me what you should be doing, and then follow that. That's the safest and most blessed way that you can live your life."[5]

>> There's more to come, but you must keep watching and listening for yourself <<
