

More on this Current Time in the Kingdom

(September 2023)

Following on from the prophetic insight I was given concerning the current season we are in,¹ a time when Forerunners are leading the vanguard for the restoration of all things, this is an update. More information is being received to cement this time in our understanding and to equip us with the knowledge we need to move forward without deviation. There will be glory rising alongside the rise of darkness, so we must focus on where we are going and make sure we are aligning with Heaven every step of the way. Read on!

There are very, very few prophetic messages around of relevance to what's going on in the Kingdom right now

“Buckle-up” is the order of the day. You need to put yourself in a position of safety, which is the purpose of a seat belt. Your safety is always in me, not in governments, not in your finances, not in your occupation, and not even in your family. I am your resourcer, I am your protector. I am your shield against the negativity that comes from within you and without² you. You already know that – I don’t need to tell you that.

What I’m wanting to get across to you is to make it a factor of your life. By ‘factor’, I don’t mean a small percentage, I mean a hundred percent. I’m the one you are to rely on in every situation, every circumstance. Don’t ‘drop your guard’. Don’t try to do things yourself, unless you know you have to. When things get rough, and appear to be out of control, that’s when you step back, switch on auto-pilot, and let me take over.

It’s true that you have the responsibility of looking after your life, as well as those things that you have authority over, but when things get rough, you have to have additional protection. (Which is, for example, why a pilot sends a message over the PA system to remain seated and fasten seat belts when the plane is going through rough weather.)

1 – “A New Era in the Kingdom”

2 – ‘On the outside’ www.wordnik.com/words/without

Take that as a metaphor for yourselves today. As your pilot – so to speak – I’m telling you to put your protection on, remain ‘seated’³ and calm, so that things that rage around you, in your nation and in the world, have no effect on you.⁴ Allow me to deal with them. Your responsibility is to watch over yourself, especially your emotions, your thoughts and your attitudes. I will deal with the chaos. I have full authority, as the “King of Kings”, to deal with anything in the natural realm, and that means the whole cosmos.

As part of ‘buckling-up’, you have to relax and let things go, just as you would when you put your seat belt on when you get in the car. You don’t sit there frightened, expecting something to happen. You put your faith in your seat belt and the driver. Well, I’m the seat belt and I’m the driver of your life. You must take that attitude of peace and rest, and total faith in me. Otherwise, you’ll not be able to handle the rough that comes against you in the future. It will have a negative impact on you and your family, when in fact, it shouldn’t.

I expect you’ll say, “Well, chaos and rough patches always have a negative impact on me and my family”. But I say to you, “I have the authority and the power to bring good out of those, if only you’ll let me, by putting your trust in me”. That’s what faith is, putting trust in me, not faith that you have faith. If you don’t understand ‘trust’, the next time you sit on a chair, think about how much you are concerned about that chair collapsing under you. Realise that you have total faith in that chair to support your weight. That’s what trusting me is like. You put your trust in me, switch off and leave it with me. It’s as simple as that. That’s what I’m looking for from my people so they can be sustained through what’s coming.

I don’t need to alarm you by telling you the things that are coming, because it’s not your prerogative to know everything. Your responsibility is to operate and function where you know you have to, and where I show you, and leave the rest to me. I know it’s human’s inquisitive nature to want to know the future and what’s going on, but that’s not trusting me. Get over that. Get over the desire to want to know everything and to know the future. Live for today. Enjoy today. I’ve given you life, I’ve given you resources, I’ve given you family and friends. Everything you need – including life in my Kingdom, which you should be drawing from as part of your safety mechanism⁵.

Although life in the future will be more chaotic and there will be rough patches that you’ll have to navigate, that’s not new. It’s been going on since The Fall, when humanity decided to do their own thing. While ever you decide to do your own thing and not rely on me, you’re at the mercy of what comes against you and swirls around you.

So, it’s pretty simple – total trust, rest and peace. It’s all up to you.”⁶

>> There’s more to come, but you must keep watching and listening for yourself <<
