

Oneness Significantly Impacts Your Peace

Oneness with the Trinity is not only their desire for us,¹ because that's what we were created for, but it's very beneficial for us as well. Like a baby snuggling up to mum or a toddler lying² in dad's arms, oneness with them increases the peace that we can live out of.

Have a read of this recent message from Father about that:

*“Many of you, my children, are caught in the throes of division and mired in disagreements and disunity instead of seeking peace... **When you are one with me, walking with me, and having my mind, you will seek to be at peace.** Put aside prejudice and pride, and walk in the strength of my Spirit,” says the Lord.”³*

If we want more peace in our lives, the best type of peace comes from the Trinity, and according to their reality⁴ (AKA truth), oneness with them leads us into more peace. That actually comes about because we'll want it more and we'll work more on our relationships so there is more peace.

So, oneness is very beneficial, therefore, we should be working on going deeper in oneness, rather than ignoring it as if it's optional.

Laurence
