

# Operate at Your Level of Spirituality, but Aim to Mature

In his mercy Father accepts us where we are currently in our spiritual life. That's because he's extremely loving, forgiving and full of compassion. However, he's wanting us to grow and develop spiritually so that we mature in our sonship.

He hasn't been able to do what he's ultimately wanted on the face of the Earth, since the Kingdom was reintroduced in the 1<sup>st</sup> century, because believers haven't made much spiritual progress at all. Religion squashed their progress by diverting them from Father's aim – to manifest his sons on Earth so he can restore the natural realm back to how it was at Creation, in pristine condition.

This process of The Restoration of All Things<sup>1</sup> requires believers to grow and mature in their sonship, so they function like Jesus of Nazareth, the prototype<sup>2</sup> Father showed the world, which he displayed as his plan for all Kingdom sons.

His prime plan wasn't about salvation and going to Heaven, but about coming back into his family, with the restored sonship that Adam lost, so he could continue to work through sons, in partnership, to roll back the effects of The Fall completely.<sup>3</sup>

So, although he accepts us where we are, we're derelict in our duty as sons, if we decide to stay dormant in our current low level of genuine (real) spirituality, because he's expecting us to want to grow and mature. This is why “babes” has been used to describe believers who don't grow spiritually.

**IMPORTANT:** My task as a forerunner is to provide teaching, training and a testimony of maturing sonship. This is why my teaching articles are changing continuously, as I receive more and more revelation from Father.

Because of who Father has told me that I am, I will not abrogate my duty to teach on aspects of growing so, together, we become more like our prototype. My articles will continue to be based on what I've learnt from Father and I will not 'dumb them down' to suit any audience.

I am to set an example (along with other forerunners around the world) of what it means to mature as a son. If that means I lose friends and readers, so be it.
