

Our King Desires Access to Every Part of Your Life

Our King – that is, our Beloved – desires access to every part of our lives. There’s nothing that we should be hiding from him or restricting him access to. That’s not a theological statement, but a love statement. It comes out of intimacy, because an intimate relationship with him. It means that we share our hearts, and everything about us, with him and vice versa. We understand this 2-way exchange in a love relationship between a man and a woman, but it’s the same between him and each of us.

The Trinity’s aim is for every son to be in a deep level of oneness with them. Oneness means that everything is shared, everything is ‘out in the open’ and known. All parties have access to each other. If we want to hide things and restrict access to parts of our lives, then we can’t move deeper into oneness. In fact, we may not be able to move into any form of oneness at all, because we’re so restricted by the barriers that we put up.

If oneness is their desire for us, not knowing theology or doing good works, then we need to work on opening ourselves up, and being totally transparent with them. Otherwise, their priority for oneness cannot be achieved in our lives and we’ll not be able to reach our potential in the Kingdom. You see, as always, it’s all up to us. They’ve done everything, and they’re inviting us in. We’ve got to make the decision to join them in deep oneness.

The King has provided us with a message on this topic recently:

“I want to be Lord over every part of your life—over your joys and sorrows, hopes and fears, goals and disappointments. I don’t want you to hold anything back. Beloved, come face-to-face with me. Stand in my presence and ask for my Spirit to reveal the areas that you haven’t fully surrendered to me. It’s time for you to release control of those parts of your life that you’ve held on to.

Let the searching gaze of my Spirit into the secret caverns of your heart... Any pain, fear, trust issues, bad habits, wrong attitudes, or areas that you’re still holding tightly to, must be given to me. They are not yours to control. I love you, and I will lovingly correct you and draw you into the place of safety, where you can lay these things at my feet, once and for all. It’s time for you to rise to a new level of freedom.”¹

Oneness, requires Father and our King to have access to every part of our lives, not just the ones we give them access to. The issue for us, however, is that they know everything about us, because nothing is hidden from them. The reason for us giving them access, then, is for our benefit. They want us to surrender everything to them in our love relationship so that they can heal our woundedness and pain. Granting access also allows them to reprogram us and clean us out of all the ‘rubbish’ and ‘baggage’ that we carry in our soul and mind which restrict our freedom and liberty.

Seems like a ‘no-brainer’ to me, to share everything with them and talk openly with them about our problems and issues. They only want to help us to overcome everything so we are free, not bind us up or punish us.

Laurence
