

# Pay Attention to the Small Things

Dropping in a sister's spirit, Father said, "I am the God of details"<sup>1</sup>. He stressed to her that every detail is important to him, so she shouldn't skip them. Is his statement relevant to all of us, not just her?

Here's what Father recently said about details:

*“Be alert and pay attention to the small things. Knowing the details will make all the difference at this time and can be extremely important to the outcome of situations you encounter. Exercise your discernment so that you can avoid costly mistakes. Know that I am with you to take you in the right direction,” says the Lord.*”<sup>2</sup>

So, there you have it.

Father is interested in all the details, and as his imagers representing his authority on Earth, we need to take all the details into account – even the small things.
