

This document records prophetic messages, words, downloads, etc. which have been received this month by our Community members. They are what our King has released to us so we are aware of what's going on in the world around us. The information is pooled here to reveal the bigger picture. Father has approved of this strategy:

*"It's right and good that you've organised your brothers and sisters to send you for collection, what I tell them about what's going on around you [all]. This is essential. I don't want you to be unaware or 'caught out' by the machinations of those in control. I will always let my people know what's going on. That's what a good father does."*¹

1. **PROPHETIC MESSAGE:** In response to the question, *"What do you want to tell us about being Offended?"* the following snippet of what's going on was in his message:

"The Kingdom is attracted to righteousness, peace, joy, and positiveness. The aim, therefore, for my people in Australia, is to be more positive within themselves, because focusing on the negative drifts them away from me and from my blessings. Now, I'm not talking about positive confession and positive thinking that follows a doctrine of positiveness, it's about being positive within yourself, and that comes from trust in me, and rest and peace.

So my message to my people, in summary, is to cease being offended by others.

Focus on life in the Kingdom, which is always positive. You can do that by simply trusting me with life's circumstances, so that when things come against what you want, against your life, against your situations and circumstances, you can be positive by trusting in me and leaning into² my ability to control the world around you. Leave things to me. Let me be your justifier and defender. Let me be the supplier of all your needs. If you do that, you'll find you'll be less offended because you'll be relying on me when things are negative.

The upside of this is that you'll start enjoying life – that's the life of the Kingdom, a life of enjoyment. When you're negative, life's not a joy. So, when you feel yourself being negative, you feel yourself being offended, start saying "No" to your reactions, and start focusing on me and what I've just told you."³

NOTE: All messages have been sent to me and I have vetted them. I have selected ones of importance and either, published them above as I received them, or, I've produced a modified version which is designed to provide better accuracy and clarity.
