

Refuse To Waste Time Worrying About Your Future

Father has talked to us about remaining focused on the present and on him, rather than the past with its disappointments, regrets, fears, etc. His recent message is also straight forward, in regards to our future.

***‘Refuse to waste your time with worry about the future. You only have today to make a difference in your own life and to be a blessing to those around you. Take life as it comes and set your heart to fulfill your obligations both spiritually and naturally without complaining.’**¹*

With what he’s said to us in recent years about the past, refusing to worry about our future has the same foundation – he’s in control, so rest and relax in him.

Nothing more needs to be said. All that’s needed is for us to do it.
