

Researching Universalism

These are extra notes for 'What is salvation?' #18

Do an internet search and you'll find many, many responses to the questions, "why universalism is wrong". Of course, these articles are usually based on evangelical Christian doctrine, and not Kingdom reality. Importantly, have any of them been schooled by Father on the subject? Has any actually asked our King for his mind on the matter?

Mike Parsons has, and received instruction with Father on the topic. In 2020, Father told him:

*"Son, the four streams of truth relating to The Restoration of All Things will need to be expanded upon...Realised Eschatology,¹ Christian Universalism,² Heavenly Governmental Sonship³ and Energy Frequency Healing⁴ are the four legs to the chair; but if you take one away, the chair cannot function. These 4 streams are flowing from different directions towards the same unified goal. Legislate for this to continue and for the forerunners in each stream to begin to resonate together."*⁵

So, Father says Christian Universalism (CU) is on the tight track, but it needs to be framed in the paradigm of The Restoration of All Things, not a free-for-all. Notice Father never said Christian Universalism is a heresy or that it's incorrect.

Therefore, for me, I continue to wait for Father to give me a revelation on salvation and also Christian Universalism. I will write what I receive and publish it when it happens. In the meantime, my mind is open, and I patiently wait.

For you, you'll have to ask Father yourself because he's the source of all truth. You can ask our King (Jesus, The Truth) or Holy Spirit, if you prefer, but you'll get the same response because they live in reality, not doctrine.

In the meantime, you can research the topic. It's best to read material by those who genuinely hear through the Spirit, rather than those who present a Bible study. Don't do an internet search on 'universalism', you'll only get thousands of evangelical's biblical tirades.

4 – The occult's use of energy healing (e.g. Bio-Energy Frequency Therapy), like transcendental meditation, is an attempt to access spiritual reality without the authority of sonship. Like all of occult activities, they are imitations of the reality we are meant to live in. Remember, it was the fallen angels who imparted spiritual secrets (i.e. unknowns/mysteries) to 'fallen' humanity that the occult operate in. They knew spiritual reality and gave humanity the knowledge to access it illegitimately.
