

# The Importance of Tangibly Experiencing Father's Love

Recently, I recorded in my Prophetic Journal the following statement by Father:

*“Today, I want to tell you that I love you. I know you’ve heard it all before. I know you experience my love and bask in it every day. However, the time is coming when this also will be tested. Know my love deeply and live in it. Feel it tangibly and let it soak into your being – every fibre of your being. I alert you to this so you’re not caught ‘off guard’ [when it happens].”*<sup>1</sup>

For me, that means I need to pursue a more tangible connection with his love. This will be one that I strongly feel in my emotions and my senses. I imagine it to be an overwhelming sensation like when I was ‘in love’ with a girl in my youth. That time in the past was very tangible and it impacted my soul in a major way.

I believe this instruction is Father’s desire for all his sons, not just me. I also believe that the testing of that love will have some relationship to the darkness that the world is in and which will increase in the future. It is my opinion, therefore, that many sons will also have their love relationship with Father tested in the times ahead.

The testing of our love may be that we’ll look for strong supportive love to carry us through a disastrous time, to keep us even-keeled until it passes. If we’re all going through the same tough experience, then it’ll be virtually impossible to draw love from others who are also looking for it. This will be where we’ll need to instantly gravitate towards Father for love because we know it’s there and can easily access it at the level we’ll need to overcome the negativity around us. Maybe it’ll be...?

In relation to all that, this prophetic dream may be relevant:

*“In a dream I and many others had found a place where the presence of God was strong and palpable. We were preparing to leave where we had lived and move to this place. We packed only the very best of our essential belongings to take with us and were delighted and excited to take advantage of this opportunity.”*<sup>2</sup>

Does this dream indicate that we’ll be required to move location some time ‘down the track’ to where Father wants us to be, so we’re safer? Could be. There are many Goshen places around the world where people have been instructed by the Spirit to build safe-haven facilities in preparation for End Time events.

Does this dream indicate something spiritual? That we have to give up our lives and the things we consider as essential and ‘trade them in’ on Father’s presence. This could also be the meaning. However, we’ll just wait for him to speak to us so we know for ourselves what this important direction is all about.

Laurence
