16th December 2016

*This article contains the spiritual facts (realities) I was given prophetically on the above date.
These have been 'The Word' for me as they come from The Word of God to me.
The facts are on page one, while the sources are on page 3-4, so it is clear where they came from.*

NOTE: This message follows on from "MESSAGE: Realignment of the Church in Australia – 5-12-2016" which must be read first to get the full understanding of this message. Find the document here.¹

1. The content of this message is so critical, it is to be distributed to everyone on my distribution list.ⁱⁱⁱ
2. The King is wanting his sons to align with him by complying² with what he speaks to them personally.^{iv}
3. The bulk of believers are so busy with life they don't realise the importance of this time in history.^v
4. His children treat his warnings and urgent words with disgust.^{vi}
5. Most believers don't realise that everything is like a jigsaw puzzle where everything needs to be in the right place for his plans to take effect.^{vii}
6. These are critically important times, so we must be in alignment with him, but most of us are 'asleep'.^{viii}
7. His people haven't understood the gravity of the times, according to what he has been saying to them personally. The cares of life have drowned out his words to them.^{ix}
8. In many ways his people have hardened their hearts by not listening or acting on what he's said to them.^x
9. The time of easy living is past, because in this new era of the Kingdom, total devotion to the King and his plans are paramount.^{xi}
10. He wants us in preparation mode, not pleasure mode, so he can do what he wants in our nation.^{xii}
11. Preparation mode and pleasure mode can't co-exist.^{xiii}
12. As soldiers and workers, we are his driving force to replace the Kingdom of Darkness, but the 'force' has gone out of us because we've abandoned these roles.^{xiv}
13. He's in a drastic situation because of the lack of effective Kingdom workers, which leaves him without a team to carry out his work through.^{xv}
14. This is his last call to his people to align with him in his work in our nation.^{xvi}
15. If his people don't respond properly to this call and align themselves with him, he'll find those who will. He can raise any army of workers and soldiers that he likes when his people ignore him.^{xvii}
16. He will choose those who have given their allegiance to him, and create a new workforce, because of believer's rejection of his call.^{xviii}
17. Believers will see this as a harsh word, but it's actually their harshness in rejecting him.^{xix}
18. There's so much rejection in our nation because Australians operate through rejection – they feel rejected and act that way.^{xx}
19. Our King doesn't reject us when his people reject him.^{xxi}
20. He can only complete Father's plans for Australia through those who fully work with him.^{xxii}

2 – Sons comply. Servants and slaves obey. There's a big difference when you're a family member.

21. It's important to realize that if we don't work with him, we are a hindrance to his plans, because we actually work against him.^{xxiii}
22. We need to wake up to the reality of what he's said above.^{xxiv}
23. The King's love for us is strong, but his wisdom won't allow his love to blind him to completing his plans and the work he has to do.^{xxv}
24. Our King is calling us, drawing us, to work in unison with him in our nation.^{xxvi}
25. We need to get rid of our plans, purposes and set ways, and draw close to him in love, committing ourselves to helping him achieve his plans for our nation's future.^{xxvii}
26. We must stop thinking all about ourselves and start thinking nationally so we can agree with him.^{xxviii}
27. We need to get his 'big picture' for our nation so we can do our part in partnership with him in seeing it come to pass.^{xxix}
28. This is a great time to be alive.^{xxx}
29. We mustn't squander our lives by pandering to ourself so we use it up vainly.^{xxxi}
30. There's much to do and so much is yet to be accomplished.^{xxxii}
31. The King loves us strongly. We must return that love in strength, and support the path he has for our nation.^{xxxiii}
32. Getting our nation to where it's planned to be, all starts with our alignment with him.^{xxxiv}

iii – “Critical times – that's what I want to talk to you about this morning. I have called you here to instruct you with some important information that I want you to disseminate. This is critical, so it must go out to all members [in the distribution list].”

iv – “All I'm wanting is compliance. I want my sons to align with me by complying with my word to them. Is that too much to ask? Of course it isn't.”

v – “The bulk of them are busy with their own business and don't realise the importance of the time they are in.”

vi – “They treat my imperatives and warnings to them as a 'joke'. That's the way I feel about it. It's like they slap me in the face with their disgust for what I have been asking them to do.”

vii – “They do not realise that history is like a jigsaw puzzle where all the parts have to be in their right place for the whole outcome to be achieved.”

viii – “Yes, these are critically important times, but my people are asleep.”

ix – “They haven't received the impact of what I've been confirming and warning them of. I have sounded the alarm on many occasions for them individually, but the cares of the 'world' and their own thoughts have deadened the impact I was wanting to make in them. Can't they see beyond themselves? Of course they can, but they refuse.”

x – “They have hardened their hearts towards me in many ways – even you”

xi – “This is a time of total devotion to me and my purposes. The time for holidaying and ease are past.”

xii – “We are in preparation mode, but my people are in pleasure and busyness mode. The two can't exist together if my plans and purposes are to come to pass in this nation.”

xiii – “We are in preparation mode, but my people are in pleasure and busyness mode. The two can't exist together if my plans and purposes are to come to pass in this nation.”

xiv – “They are my driving force, but the force has gone out of them. How can I take over the kingdom of darkness and implement my will if my soldiers and workers have abandoned me? Yes, abandoned me.”

xv – “They have chased after other lovers and interests and left me 'high & dry' without a team. Yes, this is drastic! Do you see it?”

xvi – “I call my people today, this one last time, to align with me in my work in this nation.”

xvii – “If they will not hear me and walk the path with me, I will find those who will. I can raise any army of workers and soldiers that I like.”

xviii – “I choose to use those who have given their allegiance to me, but I will create a new workforce if I'm rejected by them.”

xix – “'Rejection. That's harsh', you say. Well, yes, it is harsh, but the situation I find myself in is harsh – not my words to you all.”

xx – “There is so much rejection in the hearts of the people in this nation and yet they operate through and by rejection”

xxi – “I don't reject you all, but I have to move forward with the plans Father has set in place. I can only do that with those who completely work with me.”
