Instructions on the Gospel of the Kingdom (8-10-2026)

This article contains the spiritual facts (realities) I was given prophetically on the above date.
These have been 'The Word' for me as they come from The Word of God[1] *to me.*
The facts are located here as paragraph point-summaries. The source information is in the original file.

1. There's a great deal of difference between the Gospel of the Kingdom and the gospel that's preached these day.
2. I (as Jesus of Nazareth) spoke about the Gospel of the Kingdom with everyone I came into connected with.
3. I did that because I was re-introducing the Kingdom back onto Earth (as the Kingdom of Heaven on Earth), in the way it was meant to be from Creation.
4. As the Kingdom is already here, that's the reason why it's so important that we know what his gospel really is.
5. The Gospel of the Kingdom is not about appeasing Father because of our misbehaviour ('sins').
6. It's not about doing good to get into favour with Father.
7. It's also not about engaging in any type of religious activity that we might think that he wants.
8. It's not about church and it's not about Christianity.
9. In fact, 'it is what it is'. That's as plain as I can make it.
10. Truly, it's takes a revelation in your spirit for you to understand what the Kingdom on Earth really is, because it requires a paradigm shift to comprehend it.
11. The Kingdom is here, right now.
12. It's been here, all of the time, since the work that I did in the 1st century.
13. Despite its constant presence, my people have gone astray for too long, not being able to comprehend it.
14. It's pleasing, these days, to see groups of my people coming to the realisation of what the Kingdom is really about, but there's still a long way to go.
15. Waking up to the realisation of the Kingdom's existence is just the foundation of what needs to happen from that point on.
16. Firstly, my people need to learn what it means to live in the Kingdom today.
17. Secondly, they need to grow and mature in their sonship.
18. Thirdly, they need to experience life in the Kingdom, which includes spiritual experiences.
19. Those spiritual experiences are real and can't be discounted by those who criticise what's been experienced.
20. And fourthly, they need to be able to spread the news of the Kingdom, which is 'The Gospel of the Kingdom'.
21. Presenting the Gospel of the Kingdom to others is providing them with what's real, rather than preaching a false narrative of what it isn't.
22. My people need to speak about the Kingdom in factual matters, not in theological terms, not in

biblical teaching, but from their own experience.

23. They cannot express the **full**[3] Gospel of the Kingdom (i.e. the full greatness and good news of the Kingdom) unless they've experienced it themselves.
24. It can't be just head knowledge they give to others, because most people won't resonate with it.
25. Head knowledge only imparts head knowledge to another person, it doesn't lead them into Kingdom experiences.
26. In addition to proclaiming the real, true Gospel of the Kingdom, my people need to start mentoring others in the things of the Kingdom.
27. They need to bring them into spiritual experiences, tutoring them through the difficulties they have in their understanding, and working them through the problems they encounter in their life.
28. All those activities need to be handled from a Kingdom perspective.
29. My people won't be able to mentor from a Kingdom perspective unless they're already successful in living the Kingdom life themselves.
30. That's the progression of development my people need to go through once they come into an understanding of the Kingdom.
31. That progression is a journey, it's not a short-term thing. In fact, it's generational in nature, moving on into the future.
32. The important thing is that my people understand the Gospel of the Kingdom.
33. In that way they'll speak accurately, and not present a false narrative of what the Kingdom is like. It must be the truth, the spiritual reality of what it is.
34. The Gospel of the Kingdom is about humanity being restored to our family, as they were originally designed to be.
35. There's no longer a need to live out of a lost identity, but a need to regain their identity as sons (Kingdom sons), and to operate in partnership with us as we designed them to.
36. This is our plan for them, to work with us in the governance of Earth, of the natural realm, and then with experience and maturity, the whole cosmos.
37. That may sound like a wildly fantastical[4] statement, but it's the reality of humanity's job role.
38. So, it should be quite plain to see that the evangelical gospel that's being preached for so long, doesn't come anywhere near what the reality of the Kingdom actually is.
39. The gospel of the Kingdom is <u>not</u> about bringing people into salvation so they're saved from destruction and judgement. It's about bringing them into sonship and functionality in our family in the oversight of the natural realm.
40. As confirmation of that important position in the Kingdom, it's pretty clear from the scripture's statement that "we will judge the angels"[5]. As humans are going to judge the angels, then they can't be subordinate to angels.
41. Sons are in a higher status than angels, hence why my people will be able to judge them.
42. To make it quite clear: The Gospel of the Kingdom is about receiving everything that the Kingdom has to offer in this life and in 'The Age to Come'.
43. Everything in the Kingdom belongs to "the sons of the most high God"[6] and that "everything" is available <u>right now</u>.
44. To appropriate what the Kingdom has to offer, those who come into the Kingdom must work with us, so we can train them to access it.
45. That's not by giving them secret methods, but by training them, teaching them, encouraging them, and

experiencing them, so they can achieve it for themselves.

46. Following that, we'll guide them as they grow in their maturity and advance into things that are quite astonishing to those in the world today.
47. I've spoken about life in the Kingdom in the past, so I leave it to my people to check that out.[7]
