

# There's More to Operating as a Son – Much More

The hesitance of those with a revelation of the Kingdom to move forward into spiritual matters reminds me very much of the hesitance of Christians to embrace the Charismatic Revival in the final quarter of the last century. Many were hostile towards the 'new thing' which they regarded as an enormous error. The majority, however, ignored the move of the Spirit and remained content where they were spiritually. These latter ones didn't know they were missing out on what is part-&-parcel of the life of a believer. In their oblivion, they explained away this experiential spirituality, firmly justifying their stance that this 'new thing' wasn't relevant for them in the 20<sup>th</sup> century.

This same *laissez faire* attitude is patently obvious among Kingdom sons today. They may be learning more about how to live in the Kingdom, increasing their Kingdom knowledge, and developing an intimate relationship with the Trinity – maybe. But where are they operating in the gifts of the Spirit? How much is personal prophecy an essential component of their daily lives? How are they touching the lives of others with the Spirit? Have they spiritually 'thrown the baby out with the bath water'?

So, what's the issue?

The big concern for us is that, having come out of the church system, we'll have a strong propensity to treat the Kingdom as a different theology. This may not be the case, but there's also another issue, that the Kingdom isn't just about a different lifestyle. Our Kingdom community should know about Kingdom lifestyle, because I've been training and teaching on 'Kingdom living' for many years now, but there's more, much more.

What's the 'but'? We can't stop learning about our sonship or about Kingdom living, but we also can't ignore the spiritual aspect of our sonship in our contentment to be free and out of all religion and legalism.

What are our priorities then?

1. The first important thing is to be in alignment with Heaven. Father has been calling us to this for years now.<sup>1</sup>
2. We need to get rid of our soulish baggage.<sup>2</sup>
3. We need complete deprogramming and reprogramming by Father in what we believe.
4. Our faith must become complete trust that Father will meet all our needs and that he's in full control of our lives.<sup>3</sup>

They are the basics.

Then there are Spirit-directed life experiences which should be normal for us. Putting aside what Jesus of Nazareth (our prototype)<sup>4</sup> did – walking on water; speaking to the sea, trees and weather; etc. – there are everyday situations in life where we should be functioning as a son, not as a human being. You see, life spirituality should be normal, because it impacts the environment and people around us.

Here are two simple, real-life examples from Mike Parsons:

Next there's an advanced component which relates to our job of governance as planet-managers. This is not understood very well, but as an example, Jesus told Pilate that he could call on the support of twelve legions of angels (even though he didn't invoke their support).

Here's an example from Mike Parsons:

- Legislating - "Empowering Lives Through God's Government" [youtu.be/Fe73fnGLZGM](https://youtu.be/Fe73fnGLZGM)

Then there's the mystic component of sonship. Many, many have rejected this component of Kingdom life, most likely believing that it belongs to the New Age movement and the occult. Unbeknown to them, Jesus of Nazareth operated mystically. Mystical things are just spiritual things that are hidden from non-spiritual minds. This is what they don't understand, and it leaves them very 'short changed' in their Kingdom experiences.<sup>5</sup>

Example: Oneness with the Trinity is a mystery to us, so when we're doing it, we're living a mystical life.<sup>6</sup>

Here's a couple of mystical topics from Mike Parsons:

- "Enoch's Secret to Walking with God Revealed | Part 1" [youtu.be/6vHRT\\_75FLU](https://youtu.be/6vHRT_75FLU)
- "Metatron's cube" [youtu.be/h0C9XqrHnDQ](https://youtu.be/h0C9XqrHnDQ)

There's so much more to sonship, and we're barely 'scratching the surface'. Everything is on offer to us. It's up to us whether we embrace any or all of the life Father has for his sons.

**REMEMBER:** Father wants to share his mysteries with his sons.<sup>7</sup>
