

We Give Strength to the Spirit of Fear

Father has instructed us (too many times to mention), that we must reject all fear in our lives. We know that's because fear doesn't come from the Kingdom, but from the enemy and it's intention is to neutralise our Kingdom effectiveness. However, there's more we must understand about fear.

Simply put: When people give in to fear, it adds strength to the demonic forces behind it. The larger the number of people who are fearful of something, the more that something and fear are spiritually supported.

Here's what our King has said about that:

*"People need to root fear out of themselves because they are individually feeding the spirit of fear over the earth and giving it strength."*¹

This situation is an example of the spiritual principle that mass human action impacts the spirit realm. Of course, fear is the negative side.

On the positive side, we know Father has been calling us to align with him so he can do what he needs to do on the Earth:

*"All I'm wanting is compliance. I want my sons to align with me by complying with my word to them... I call my people today, this one last time, to align with me in my work in this nation. If they will not hear me and walk the path with me, I will find those who will. I can raise any army of workers and soldiers that I like...I don't reject you all, but I have to move forward with the plans Father has set in place."*²

But, there's more to it:

*"If you want to see this nation grow and develop, and reach its potential and to reach its destiny, if you want to see the Spirit released, then harmony must be in this place. Now, harmony, is harmony with me. This nation must come, the saints must come, my children must come to me and want to work with me – co-labour with me in this nation. This will create a **tipping-point** for me to start releasing what I want to release."*³

He also told us that a tipping-point is reached when a certain number of his people align with him in a nation so that the spiritual atmosphere changes:

*"But remember, it's all about a tipping point in the spirit realm for my plans to materialise. The more of you who are with me right now will add impetus, rather than inertia, to what I want to do."*⁴

That's the good, positive side, but we must neutralize the negative side. We must stop 'feeding' the spirit of fear on a national scale, by not allowing fear any place in our lives. That means we must advise others to stop fearing COVID, China, Climate Change, etc. We all need to be firm in replacing fear with total trust in Father overseeing our nation and our lives. That's genuine faith.
