

# We're Being Prepared for the Future

Every day, Father is preparing us for our future.

The important thing is not to resist what he's doing, where he's taking us and what he's putting us through. Any resistance we place on what he's doing in us and with us, will slow down our progress into maturity as sons. It will also slow down our goal of entering our destiny.

We acknowledge that Father knows what's best for us, but we negate his work by resisting him when we 'do our own thing'.

Here's his recent message about preparation for our future:

*"Whether you know it or not, I am preparing you for the days ahead. Some of the preparation is not what you would expect or welcome, but it is what you need. Be patient and persevere so that My work in you will be complete. The end result will be greater strength and endurance."*<sup>1</sup>

Notice, his plans are best for us because they build strength and endurance, on top of our maturity as sons.
